Instructions for Video Upload

Preparation of the video file of your presentation

All the videos of the papers accepted to the congress, whether for the minisymposia, the semi-plenary or the plenary sessions, are recorded and uploaded to the virtual presentation site through the video upload site.

Participants are recommended to use Zoom for recording their presentation. Simply record yourself giving your presentation and save the recording to your personal computer. For a tutorial on how to use Zoom for video recording, see: https://www.youtube.com/watch?v=GjhHsTmXCKg The video file must be mp4, mov, wmv, or avi and should not exceed 3GB. The recommended aspect ratio of the video is 16:9.

All videos must be recorded before July 14, 2022.

The duration of the video must be:

- Plenary and semi-plenary lectures: Within 45 min
- Keynote presentation: 40 min
- Regular presentation: 20 min

To keep within this time limit, we encourage you to create a script of exactly what you want to say, read it out aloud, and time it. This is a great way to be intentional about every word you use, and to consider your message so it has the best impact. When you are satisfied of the length of your presentation, record your video. Don't worry, you can record your video several times by July 14, 2022.

Uploading the video file of your presentation

The video of your paper can be uploaded to the virtual presentation site through the video upload site. The video upload site can be accessed from the WCCM-APCOM2022 congress site.

Before going to the Video Upload site, please read understand the "CONSENT TO THE DISTRIBUTION OF ON-DEMAND VIDEO" and "NOTE TO PARTICIPANTS". You can click the [Video Upload] button to go to the Video Upload site.
